

TENTATIVE AGENDA
UI QUANTITATIVE METHODS SEMINAR
JUNE 11 - JUNE 15, 2001

Day 1

1. Estimating Means and Totals
2. Estimating Percentages and Ratios
3. Sampling Plans and Sample Size
4. Computer Exercise #1 Interval Estimation

Day 2

1. Simple Linear Regression
2. Monitoring Regression Models
3. Plotting Variable Transformations
4. Computer Project #2 Simple Regression Estimation

Day 3

1. Multiple Regression Analysis
2. Using Lagged Independent and Dependent Variables
3. Model Building with UI Variables
4. Computer Exercise #3 Model Estimation

Day 4

1. Problems in Multiple Regression
2. Seasonality
3. Qualitative Response Variables
4. Computer Exercise #4 Case Study

Day 5

1. Evaluating Regression Errors
2. Computer Exercise #5
3. Overview

NOMINATION FORM FOR
UI QUANTITATIVE METHODS SEMINAR

Region:_____ State:_____

Nominee's Name:_____

Title:_____ Work Phone No:_____

Work Address:

EDUCATIONAL BACKGROUND

Years of schooling completed: 12 13 14 15 16 17 18 19 20

Degree	Date	Major
--------	------	-------

_____	_____	_____
_____	_____	_____
_____	_____	_____

Education and/or training other than formal college or university:

WORK EXPERIENCE

Length of time working in Unemployment Insurance _____

Length of time engaged in other work in research;
statistics, or related activities _____

Describe briefly present duties of nominee, including a description of the extent, if at all, the nominee engages in work related to UI:

KNOWLEDGE OF COMPUTER CONCEPTS AND OPERATIONS

Has the nominee had experience or training using a computer?

Yes _____

No _____

If yes, what activity was involved:

RECOMMENDED BY:

Signature
